

## NATIONAL PARK SENIOR INFORMATION

**Seniors: Get Your US National Parks Lifetime Pass Now Or Pay More Later**

If you are **62 or older** and don't yet have a National Parks Senior Pass, **you have until the end of August to buy one before it goes up from \$10 (or \$20 if you purchase it online) to \$80.**

The only places to buy them in person for the \$10 are parks where they charge admission (so not Minuteman National Historical Park), but there is a list of parks where you can get them at [store.usgs.gov/senior](http://store.usgs.gov/senior) pass.

That page can also take you to Your Pass Now, where you can order the pass for \$20 online -- still a huge savings.

You can also go directly to [yourpassnow.com](http://yourpassnow.com) if you want to do the online purchase.

For more information, please contact DOI's U.S. Geological Survey at <http://store.usgs.gov/pass> or phone 1-888-275- 8747 Option 1.
